

14H00–14H30 WORKSHOP 1

Strengthening researchers' visibility in the European knowledge ecosystem

Sandra Costa (IPCA)

The objective of this workshop is to provide researchers with the tools to enhance their scientific visibility by strategically utilising platforms, such as ORCID and other research portals. Additionally, the workshop aims to raise awareness of the RUN-EU Cloud of Knowledge as a pivotal instrument for collaboration and knowledge sharing.

14H30–15H00 WORKSHOP 2

From ideas to EU-projects: Which EU Funding Programmes Still Have Open Calls in 2026–2027?

Krista Taipale (Director of Häme EU Office in Brussels)

International EU programmes provide many interesting funding opportunities for the RUN-EU. Even though we are approaching the end of the current EU funding period, many open calls are still expected to be published. In this presentation, we will take a closer look at which EU programmes will launch open calls in 2026 and 2027.

15H00–16H00 PITCHES IN BLUE ECONOMY

1.

Title: Building an Innovation Ecosystem for the Blue Bioeconomy SmartOcean (Peniche – Portugal)

Author: Sérgio Leandro (School of Tourism and Maritime Technology, ESTM, IPLeiria, Portugal)

2.

Title: From soil sequencing data to marine discovery: A reusable pipeline for genome mining

Author: Cedric Hermans (Howest University of Applied Sciences, Belgium)

3.

Title: Testerep: Reconstructing 5000 Years of Coastal Evolution Along the Flemish Coast

Author: Agathe Boudry (Howest University of Applied Sciences, Belgium)

4.

Title: Tourism and the Blue Economy – how can RUN-EU support?

Author: Anthony Johnston (Technological University of the Shannon, Ireland)

5.

Title: Maritime Research Group at MIWB / NHL Stenden

Author: Jan De Jonge (Maritiem Instituut Willem Barentsz, NHL Stenden University of Applied Sciences, The Netherlands)

6.

Title: Utilization of microalgae to promote circular economy

Author: Aino-Maija Lakaniemi (HAMK Bio, Häme University of Applied Sciences, Finland)

16H30–17H30 PITCHES IN OTHER RESEARCH AREAS

1.

Title: Centre for Applied Bioscience Research (CABR): Bridging Research and Industry

Author: Hande Ermis (Centre for Applied Bioscience Research - CABR, Technological University of the Shannon, Ireland)

2.

Title: Miniaturized Sensor Platform for Real-Time Environmental Monitoring

Author: Volha Matylitskaya (Vorarlberg University of Applied Sciences, Austria)

3.

Title: MATRIX - MAlleable TRophic ratio of mIXoplankton

Author: Guilherme Duarte Ferreira (Marine and Environmental Sciences Centre, MARE/ESTM, Portugal)

4.

Title: Red Seaweeds for the Blue Economy: From Bioremediation to Next-Generation Materials

Author: Teresa Mougá (Marine and Environment Research Center, MARE/ESTM, Portugal)

5.

Title: Wastewater Valorisation in Sustainable Productive Systems

Author: Damariz Ushiña (LSRE-LCM, IPLeiria, Portugal)
