BIOT	Biotechnology Laboratories I	Laboratórios de Biotecnologia I	6	1 st	Portuguese with English support
BIOT	Bioprocesses II	Bioprocessos II	6	1 st	Portuguese with English support
BIOT	Applied Physics	Física Aplicada	6	1 st	English
GQSA	Statistical Process Control	Controlo Estatístico do Processo	5	1 st	Portuguese with English support

Required reading notes:

- 1) Subjects taught in Portuguese/Spanish with English support, depending on each teacher's decision whether to give the class in English or in other language. Students will be given materials in English and evaluation will be in English.
- 2) All subjects must be approved on the theoretical and on the practical component.
- 3) Tutorial appointments can be scheduled with each teacher; by mutual agreement.
- 4) The scheduling compatibility between subjects may not be total. This compatibility will depend on the chosen course. Any changes to the study plan with subjects from this list will be permitted after the schedules are released at the beginning of the semester.
- 5) In exceptional cases, subjects may not have available slots or may not operate in the advertised format/language, or in case there are few students enrolled. In this case, you will be notified of this change in a timely manner and changes to the study plan are possible,

Our course programs are approved for a period of 3 years, therefore you must choose 2024/2025 in our platform

Search on browser for “AGCP”. On the page, please make sure you choose our school “ESTM” and 2024/2025 school year.

Then search for the syllabus.

The first four numbers of the syllabus code identify the course, by Portuguese name of the subject choose the “Inglês” (English) syllabus.
