6.8 - The non-presentation or illegibility of the documents related to the *curriculum vitae* of the candidate will lead to the exclusion of those aspects.

6.9 - The presentation of false documents will lead to immediate exclusion from the competition, and those facts will be reported to the competent authority for purposes of criminal prosecution.

6.10 - The documents provided by candidates shall be returned upon request, one year after the termination of this competition, except in the event that the competition has been subject to judicial objection, in which case the documents may only be returned after the jurisdictional decision is made.

7 - Selection and seriation criteria, assessment system, and final classification (established under the terms of articles 11(2)(a) and 18(1)(l) and (m), and no. 2 and 3 of Order no. 10 990/2010):

7.1 – Approval with absolute merit: Candidates are considered approved with absolute merit when they meet all of the following requirements:

- a) A global *curriculum vitae* that the jury considers to have scientific, and pedagogical merit, with the development of other activities considered relevant for the mission of the higher education institution, in the field of the competition;
- b) Peer-reviewed scientific publications, in the field of the competition;
- c) Coordination and lecturing of curricular units in the field of the competition;
- d) Direction or Sub-direction of Teaching and Research Organic Units or Head of Department (or similar structures) or Course Coordinator of degrees granting a higher education degree or diploma.

7.2 – Seriation of candidates approved with absolute merit (relative merit): Seriation (relative merit) of candidates is made by applying the following criteria, in the terms indicated:

7.2.1- Technical and scientific and professional performance (TSPP), in which the following must be considered:

- 1) Scientific production (SP);
- 2) Participation in R&D projects (PRDP);
- 3) Intervention in the scientific community (ISC);
- 4) Academic extension projects (AEP);
- 5) Scientific potential (SPot);

7.2.1.1 - The classification to be awarded for this criterion represents 45% of the final classification, and is obtained by using the following formula:

$$TSPP = 40\%SP + 15\%PRDP + 20\%ISC + 15\%AEP + 10\%Spot;$$

As follows:

- 1) Scientific production (SP), which assesses the quality and quantity of the scientific production in the field of the competition, namely books, articles in journals, communications in conferences, both in number and type of publications, considering the recognition given by the scientific community, including awards or other distinctions;
- 2) Participation in R&D projects (PRDP), which assesses the candidate's previous experience in the field of the competition, and their potential to participate in a constructive and fruitful way in national and international funded projects;
- 3) Intervention in the scientific community (ISC), which assesses the candidate's capacity to intervene in the scientific community in the field of the competition, namely the development of organizational and management activities related to scientific activity, participation as editor or co-editor of journals, participation in the assessment of articles for journals and communications in congresses, presentation of talks as guest, supervision and examination of works leading to an academic degree, participation in academic juries, consulting activities, and other activities of recognized merit;
- 4) Academic extension projects (AEP), which assesses the services provided to the scientific and educational community, as well as to the economic and productive system, and society in general, the promotion of scientific and technological dissemination actions, the organization and teaching of lifelong training actions, including professional training for other entities, and the promotion of knowledge valorisation and transfer actions, considering their duration and the level of responsibilities of the tasks developed by the candidate, as well as their relevance, in the field of the competition;
- 5) Scientific potential (SPot), which assesses the candidate's capabilities to develop a relevant scientific production, aligned with the mission of the School of Technology and Management of the Polytechnic of Leiria, in the field of the competition, considering the five-year work and career development plan presented by the candidate.

- 2) Supervision and guidance activities (SGA);
- 3) Coordination of pedagogical projects (CPP);
- 4) Pedagogical material production (PMP);
- 5) Pedagogical innovation (PI);
- 6) Subject report (SR);

7.2.2.1 - The classification to be awarded for this criterion represents 40% of the final classification, and is obtained by using the following formula:

$$PS = 25\%LA + 15\%SGA + 15\%CPP + 15\%PMP + 10\%PI + 20\%SR;$$

As follows:

- 1) Lecturing activities (LA), which assesses the candidate's experience in lecturing and coordinating curricular units in Master's and undergraduate degrees, TeSP, and other training with scientific relevance, in the field of the competition, considering the extension and quality of the lecturing, when possible using objective methods based on pedagogical questionnaires;
- 2) Supervision and guidance activities (SGA), which assesses students' supervision, tutoring and guidance activities performed by the candidate in the field of the competition, namely the supervision of final degree projects, curricular and extracurricular internships, and on-the-job training;
- 3) Coordination of pedagogical projects (CPP), which assesses the coordination and incentive of pedagogical projects, in the field of the competition (i.e. development of curricular units' programmes, creation and coordination of degrees or

study programmes...) or the revision and improvement of existing projects (i.e. revision of existing curricular units' programmes, participation on the reorganization of existing degrees or study programmes);

4) Pedagogical material production (PMP), which assesses the quality and quantity of the pedagogical material produced by the candidate, published with Digital object identifier (DOI) or International Standard Book Number (ISBN), as well as the relevance and impact of pedagogical publications, awards and other pedagogical honours, in the field of the competition;

5) Pedagogical innovation (PI), which assesses the candidate's intervention in the community, namely organizational and management tasks related to pedagogical activity and knowledge dissemination, and also, in general, all activities that reveal the candidate's ability to have a relevant performance in the future in terms of pedagogical innovation, aligned with the mission of the School of Technology and Management of the Polytechnic of Leiria, considering the five-year work and career development plan presented by the candidate.

6) Subject report (SR), which assesses the clarity of the structure, and the quality of the text, the content update, and the adequacy of the programme, including the framework for the subject, the proposed working method, the recommended bibliography, and the quality of the comments about it, and other additional elements, which are considered relevant.

7.2.3 - Other relevant activities to the mission of the higher education institution, which have been developed by the candidate (RA), in which the following must be considered:

1) Head of department (HD);

2) Course coordination (CC);

3) Other duties in bodies or structures of HEIs (ODHEI);

4) Other relevant activities (ORA);

7.2.3.1 - The classification to be awarded for this criterion represents 15% of the final classification, and is obtained by using the following formula:

$$RA = 20\% HD + 20\% CC + 40\% ODHEI + 20\% ORA;$$

As follows:

1) Head of department (HD), which assesses the candidate's participation as head of department or in other similar structures, considering the duration and complexity of the tasks developed by the candidate;

2) Course coordinator (CC), which assesses the candidate's participation as course coordinator of degrees granting a higher education degree or diploma, considering the duration and complexity of the tasks developed by the candidate;

3) Other duties in bodies or structures of HEIs (ODHEI), which assesses the candidate's participation in bodies established in the statutes of HEIs, considering the duration and level of responsibilities of the tasks developed by the candidate;

4) Other relevant activities (ORA), which assesses the candidate's participation in other duties or activities, which are considered relevant for the mission of HEIs, namely the participation as evaluator in processes to assess the performance of the academic staff, member of a jury to hire non-academic staff, member of a jury of a process to acquire goods and services, contract jobs or similar, participation in management structures of research units registered in the Fundação para a Ciência e Tecnologia, and responsibility for laboratories, workshops or specific classrooms.

7.2.4 - Final classification (FC), in a scale of 0 to 100 points, is obtained by using the following formula:

$$FC = 45\%TSPP + 40\%PS + 15\%RA;$$

7.2.5 - All sub-criteria assessed in the selection and seriation criteria are graded in a numerical scale from 0 to 100 points.

7.2.6 - All results are presented rounded to one decimal place.

7.2.7 - When candidates meet the conditions referred in article no. 26 of Order no. 10 990/2010, the jury should also take that article's provisions into account in its justified assessment.

8 - Public hearing: After receiving the applications, the jury may decide to hold public hearings, under the terms of article no. 28(4) of Order no. 10 990/2010. In this case, the public hearings shall take place between the 20th and 70th day after the deadline for the applications, and all candidates shall be informed with a five-day notice of the date and place of the public hearings.
