1. By order of July 1, 2021, of the President of Polytechnic of Leiria, Professor Rui Filipe Pinto Pedrosa, it was authorized to open, for a period of 15 days, from the date of publication of this notice in the Diário da República, an international public tender for an auxiliary researcher for the pursuit of research and development activities in a view to the development of research activities in the field of Telecommunications – Antennas and Propagation.

2. Applicable Legislation:

- Decree-Law no. 57/2016 of 29th of August, which approved the hiring of doctorates to stimulate scientific and technological employment for all areas of knowledge hereinafter referred to as RJEC, amended by the Law 57/2017, dated 19th of July, and regulated by Regulatory Decree nr 11-A/2017, dated 29th December;
- Lei Geral do Trabalho em Funções Públicas, hereinafter referred to as LTFP (Public Employment Act), approved by Law n.º 35/2014, , in its current version, and Ordinance no. 125-A/2019, April 30, in it's current version;
- Labour Code approved by Law no. 7/2009 of 12<sup>th</sup> of February, under its current version.

3. In the wording of the article 16 of RJEC, this procedure is exempted from the authorization of the members of the Government responsible for the areas of Finance and Public Administration, namely in paragraph no.3 of article 7 of the LTFP; from the prior favourable opinion of the members of the Government responsible for the areas of Finance and Public Administration as mentioned in no. 5 of the article 30 of the LTFP and from the procedure for the recruitment of workers in the requalification situation referred to in Article 265 of the LTFP.

4. In accordance with article 13 of the RJEC and according to the appointment, the jury is composed as follows:

President: Nuno Miguel Morais Rodrigues

Member: Rafael Ferreira da Silva Caldeirinha

Member: Telmo Rui Carvalhinho Cunha Fernandes

Substitute Member: Nuno Ricardo Cordeiro Leonor

Substitute Member: Hugo Miguel Cravo Gomes

5. The workplace will be at Instituto de Telecomunicações - Leiria Delegation, of the Polytechnic of Leiria, or in other places related to the Polytechnic of Leiria, or others, according to the requirements and needs of the research project.

6. The researcher to be hired under this insolvency proceeding will comprise the category of Assistant Investigator, which corresponds, according to the ECIC, the index 195, of the remuneration table applicable to the teaching career, corresponding to the monthly amount of € 3201,39.

7. The applicants may be national, foreign and stateless, with a doctorate degree in Telecommunications – Antennas and Propagation or other related area, and holding a scientific curriculum and training that reveals a profile suitable for the activities to be developed. If the doctorate degree was awarded by a foreign higher education institution it must comply with the provisions of Decree-Law no. 66/2018, August 16.

#### 8. Admission Requirements:

8.1 Applicants shall be at least 18 years of age or older, not be inhibited to holding a job in the public sector nor forbidden to perform the intended position; applicants shall also be in good health and possess the psychological profile required for the job and shall meet the compulsory vaccination requirements, in accordance with Article 17 of LTFP.

8.2 - Specific requirements for admission are those defined in the 7<sup>th</sup> paragraph.

9. According to article 5 of RJEC, selection is to be made based on the candidate's scientific and curricular evaluation.

10. Scientific and curricular career evaluation is based on relevance, quality and up-to-dateness:

a) of scientific and technological production in the last five years, deemed most relevant by the candidate;

b) of research activities, applied or based on practical work, developed in the last five years, deemed most impactful by the candidate;

c) of knowledge extension and dissemination activities developed in the last five years, namely under the scope of the promotion of culture and scientific practices, deemed most relevant by the candidate;

d) of the activities of management of science, technology and innovation programmes, in Portugal or abroad, deemed most relevant by the candidate.

11. The five-year period mentioned above may be extended by the panel, if requested by the candidate, whenever the suspension of scientific activities is justified on socially protected grounds like paternity leave, long-term serious illness, and other legal situations of unavailability to work.

12. The evaluation criteria are the following:

12.1 Evaluation of the Scientific and Curriculum Pathway (SCP), in which the following are weighted based on document analysis:

1) Scientific production (SP): evaluates the quality and quantity of scientific production in the area for which the competition is open, namely books, articles in journals, communications at conferences, expressed by the number and type of publications, and by the recognition that it is provided by the scientific community;

2) Participation in research and development projects (RDP): evaluates the candidates' previous experience in the area for which the competition is open, and their potential to constructively and fruitfully participate in funded projects of a national and international nature;

3) Intervention in the scientific community (ICT): evaluates the capacity to intervene in the scientific community in the subject area in which the competition is opened, expressed, namely

through the performance of organizational and management tasks related to the scientific activity, participation in the quality of editor or co-editor of journals, participation in review activities of journal articles and communications at conferences, presentation of guest lectures, guidance and discussion of works leading to the attainment of an academic degree, participation in academic juries, and consultancy and other activities of recognized merit.

4) All sub-criteria evaluated in the selection and ranking criteria are scored on an integer scale from 0 to 100 points.

5) The classification to be assigned in this criterion will be obtained by the following formula:

$$SCP = 40\% SP + 30\% RDP + 30\% ICT$$

12.2 The interview (Int) is exclusively intended to clarify aspects related to the candidate's research results. The interview, of a public nature, will take place in English, and may be carried out by videoconference.

13. The final classification (FC) will result from the following parameters:

$$FC = 90\% SCP + 10\% Int, \text{ where:}$$

FC= Final classification;

APCC = Scientific and Curricular Path Assessment;

Int = Interview.

14. The final classification of the candidates is expressed in a scale of 0 to 20 values, considering the valuation up to the hundredths. 15. The jury shall deliberate by means of a nominal vote based on the selection criteria adopted and published; abstentions are not allowed.

16. Minutes of the jury's meetings, containing a summary of what has taken place in the meetings, as well as the votes cast by each of the members and their reasons, will be available to candidates whenever requested.

17. After completing the application of the selection criteria, the jury will draw up an ordered list of successful candidates with their classification.

18. The final decision of the jury is approved by the President of the institution, which also decides on the hiring.

19. Formalisation of applications:
