The time of residence with a residence permit for study is only relevant during the period in which the student is attending secondary education in Portugal;

¹IPLeiria students are exempt from presenting this proof, as provided for in no. 5.3 of this Notice.

d) Is the beneficiary, on 1 January 2026, of a status of equal rights and duties granted under an international treaty or agreement entered into between the Portuguese State and the State of which it is a national.

3.2. International applicants must submit their application within the scope of the 1st and 2nd phase of application, except if they apply for the 3rd phase under paragraphs a) and b) of paragraph 2.1, or hold a residence permit in Portugal.

4. Selection criteria

4.1. Regarding the applications submitted under paragraphs a), b), c) and e) of number 2.1:

The classification to be attributed to the candidates, for the purposes of ranking, is translated into an entire numerical scale of 0 to 200, according to the following expression:

$$\text{Classification} = 0,6 \times \text{Portfolio} + 0,2 \times \text{final degree grade} + 0,2 \times \text{professional curriculum}$$

Where:

Portfolio considers the quantity and quality of the work developed in the professional and academic practice, within what is considered to be practices that compete with the scientific area of the master's degree. The Portfolio must be sent in an attached document, together with the rest of the documentation, indicating the techniques and technologies used and the authorship of the work beyond doubt;

Professional curriculum considers the candidate's training and professional activity in an area relevant to the study cycle under consideration, and is presented as a curriculum vitae.

Final degree grade represents the final grade of the undergraduate degree, in a numerical scale ranging from 0 to 200;

4.2. Regarding the applications submitted under paragraph d) of number 2.1:

The classification to be attributed to the candidates, for the purposes of ranking, is translated into an entire numerical scale of 0 to 200 and evaluates the candidate's academic, scientific and/or professional curriculum, according to the following expression:

$$\text{Classification} = 0,4 \times \text{portfolio} + 0,2 \times \text{academic curriculum} + 0,2 \times \text{scientific curriculum} + 0,2 \times \text{professional curriculum}$$

Where:

Portfolio considers the quantity and quality of the work developed in the professional and academic practice, within what is considered to be practices that compete with the scientific area of the master's degree. The Portfolio must be sent in an attached document, together with the rest of the documentation, indicating the techniques and technologies used and the authorship of the work beyond doubt;

Academic curriculum assesses the academic path of the candidate (academic qualifications);

Scientific curriculum assesses the participation of the candidate in congresses, seminars, projects, and technical studies, as well as their technical and scientific production (articles, books...), awards and similar elements, in a relevant scientific area for the Master's degree;

Professional curriculum assesses the candidate's training and professional activity in a relevant scientific area for the Master's degree.

In the event that the selection board determines that an interview should be conducted with the candidates, the classification to be awarded, for ranking purposes, is translated into an entire numerical scale of 0 to 200, assesses the candidate's academic, scientific and/or professional curriculum vitae and the respective interview and is calculated on the basis of the following formula:

$$\text{Classification} = 0,4 \times \text{portfolio} + 0,15 \times \text{academic curriculum} + 0,15 \times \text{scientific curriculum} + 0,15 \times \text{professional curriculum} + 0,15 \times \text{interview}^*$$

Where:

Portfolio considers the quantity and quality of the work developed in the professional and academic practice, within what is considered to be practices that compete with the scientific area of the master's degree. The Portfolio must be sent in an attached document, together with the rest

of the documentation, indicating the techniques and technologies used and the authorship of the work beyond doubt;

Academic curriculum, scientific curriculum, and professional curriculum assess what is established above.

Interview, classified in a numerical scale ranging from 0 to 200, assesses verbal expression, critical thinking, motivation, and responsibility, where:

Verbal expression – measures the current of thought the candidates show through their verbal/written language, fluency, transparency of ideas, and logical reasoning;

Critical thinking – measures the innovation of the presented choices and their justifications, as well as argumentative skills in theoretical or real scenarios;

Motivation and responsibility – assesses the nature, intensity and durability of the motivations, interests, and tastes.

*Note: The interview will only be held in exceptional situations, in which the scientific committee identifies the need for further clarification.

4.3. Tiebreaker: lower age

4.4. After applying the formula in points 4.1 and 4.2.:

Candidates who obtain a classification lower than 95 points, in the numerical scale ranging from 0 to 200, will be automatically deleted.

5. Application

5.1. The application must be submitted in <https://inforestudante.ipleiria.pt> and is only considered valid after uploading the mandatory documentation and paying the application fee provided for in the table of fees, made within the established deadline.

5.2. Documents to be submitted²:

The documents necessary for the instruction of the application process are submitted exclusively *online*, and those indicated in paragraphs a), b), c), d) and f) are considered mandatory, under penalty of exclusion:

- a) *Detailed Curriculum Vitae* and other documents that the candidate considers relevant for the assessment of his/her curricular merit. All the information indicated in the application relevant to the assessment of curricular merit must be proven by the presentation of the respective certificates, otherwise it will not be considered in the evaluation of the respective application;
- b) Valid civil identification document. Foreign applicants may present another civil identification document indicating their nationality. If the candidate expresses opposition to the reproduction of the document, he/she must request assistance from the Academic Management Services, within the application deadline, for face-to-face exhibition of the document;
- c) Certificate of qualifications indicating the degree with which the applicant is applying and the respective final classification. In the case of holding a foreign qualification, the candidate must instruct the application with an official statement issued by the higher education institution where he/she completed the academic degree, which includes the academic degree, the respective final classification and the evaluation scale used. Failure to prove the final classification of the academic degree, under the terms referred to, determines the attribution of the final classification of 100 points on a scale of 0 to 200. In the case of training carried out at IPLEiria, students are exempt from presenting the document referred to in this paragraph.

²You may be asked to submit the original documents at any time. When the documents presented do not include an electronic authentication code that allows their confirmation, and in the case of qualifications obtained abroad, they must be duly authenticated by the official education services of the respective country and recognized by a Portuguese consular authority or apostilled under the Hague Convention. The same procedure applies to translations of documents whose original language is not Spanish, French or English, and a translation into one of these languages is mandatory.

- d) International students must present a certificate, issued by a competent authority, proving knowledge of the language in which the course is taught, or similar, at a level equal to or higher than level B2, of the Common European Framework of Reference for Languages;
- e) Other documents, for foreign candidates, related to proof of equivalence to a national student, when applicable;
- f) Portfolio.

5.3. Candidates who submit their application under paragraph e) of paragraph 2.1 and do not submit, until the day 23.04.2026 (1st phase), until the day 30.07.2026 (2nd phase) or until the day 10.09.2026 (3rd phase), proof of the required qualifications, are excluded at the stage to which they apply. They can, however, on the application platform, request the transition of their application to the next phase, if any, at no additional cost.

5.4. Candidates who are not placed due to lack of vacancy may, through the application platform, request the transition of their application to the next phase, if any, at no additional cost, as long as it remains unchanged.

5.5. Candidates who are not placed due to lack of vacancy may be called to enrol, at the stage in which they apply, if there is a vacancy later.
